PROFILE

I'm a third-year Software Engineering student at BELTEI International University with a strong foundation in web development. Completed training course in C/C++, web design, and backend development using PHP and Laravel. Passionate about building modern, user-friendly websites and continuously learning new technologies. Currently seeking a web development internship to apply academic knowledge in real-world projects and grow as a professional developer.

WORK EXPERIENCE

Built with small project personal and assignment projects

Applied hands-on skills with Git, GitHub, and Postman for API testing.

Improved problem-solving and collaboration through coding exercises and group work.
