PROFILE

I am a Software Engineering student at BELTEI International University with a strong foundation in web development. I have completed training courses in C/C++, web design, and backend development using PHP and Laravel. I am passionate about building modern, user-friendly websites and continuously learning new technologies. I am currently seeking an internship in IT or web development to apply my skills in real-world projects and grow as a professional developer.

WORK EXPERIENCE

Developed small personal and academic projects

Practiced Git, GitHub, and Postman for real-world workflows and API testing

Strengthened teamwork and problem-solving through coding assignments and group collaboration
